

Advertise with TrackHype.

TrackHype is the region's official home of weekly music charts, powered by real listener votes and audited ballots. Every chart position is earned — and every impression is measurably seen. Reach the youth, the urban music scene, and regional listeners exactly where they are already discovering, voting, and streaming SADC music.

Your audience

Who we reach

- Music fans aged 16–34, mobile-first
- Urban & regional listeners in Zimbabwe + Botswana
- Artists, labels, promoters, radio & event communities
- Chart voters who return every single week

Why it works

- Official weekly charts with auditable ballot history
- Anti-fraud voting limits (1 ballot/account/chart/week)
- KYC-verified artist profiles and badges
- Privacy-first analytics — proof of impressions per placement

Ad placements (live today)

Home feed hero — sticky top banner on the primary feed.

In-feed chart slot — sponsored card between chart positions #3 and #4 on all charts. (A test campaign is running there now — ask us to walk you through it live.)

Radio station sponsor — “Powered by [Brand]” card on live radio pages.

Menu showcase — always-on promotional banner in the app menu/profile.

Sponsorship & CPM pricing

Placement	Cadence	Investment (USD)
Home feed hero banner	Per week	\$50
In-feed chart slot	Per week	\$100
Radio station sponsor	Per week	\$75
Menu / profile showcase	Per week	\$50
Full-week takeover (all 4 slots)	Per week	\$200
Flat CPM (any placement)	Per 1,000 impressions	\$3.00

Proof of performance

Every banner impression and tap is logged to the platform analytics layer (impression events per placement) and surfaced in the advertiser-ready admin dashboard. You get real numbers, not estimates — a weekly report groups impressions, taps, and click-through per placement.

Launch-ready checklist

Done

- Live ad engine with start/end-dated campaigns
- 4 banner placements across feed, charts, radio, menu
- Impression & click tracking (analytics layer)
- Chart content manager for weekly chart snapshots
- KYC & auditable voting — rankings advertisers trust
- Privacy Policy + Terms of Use published

Coming next

- Custom domain + SSL once a domain is registered
- Self-serve campaign booking & payments (pending merchant account)
- Larger ad units & sponsorship bundles

Note: payment collection for bookings is not yet wired (a merchant/bank account is required first). To start a campaign now, contact the TrackHype team and we will run it on an agreed invoice basis.
